A Preliminary List ........................................... 4

J. van DIJK, A Preliminary List of New Kingdom Names and Titles from the
EDITORIAL FOREWORD

This is the second issue of the New Kingdom Memphis Newsletter and the first to appear in a new form. When a number of Egyptologists working on New Kingdom Memphis and Saqqâra met in November last year during the Fifth International Congress of Egyptology, one of the subjects discussed was the form and contents of the Newsletter. To start with the latter, all those present at the meeting agreed that it should contain ‘notes, announcements, reports and progress reports, useful lists, pre-print summaries of work to appear, bibliographies, etc., but no articles as such’, and that ‘we shall not attempt to turn the Newsletter into a periodical specializing in New Kingdom Memphis and Saqqâra’ (from J. Malek’s minutes of the meeting). As regards its form, the Newsletter will henceforth be produced on an Apple Macintosh personal computer. Since a certain uniformity of style is preferred, manuscripts will not be printed from camera-ready copy, but typed out on the word-processor. Those who have access to an Apple Macintosh PC may prefer to send their contributions on a 3.5” floppy disc, using any of the following word processing programs: MacWrite, WriteNow, or Microsoft Word.

Since the Newsletter is principally intended as a private communication between individuals and not as yet another journal, only a circumscribed number of copies will be dispersed. Funds to produce it are limited, and those who wish to obtain further copies are invited to use a xerox-machine.

The next issue of the Newsletter will appear as soon as a sufficient number of contributions has been received. It is hoped that it will also contain further news on the Second Colloquium on New Kingdom Memphis and Saqqâra, to be held at Oxford in the summer of 1990.

J. v. D.

Contributions from Europe and Egypt should be sent to: Jacobus van Dijk, Grevingaheerd 170, 9737 ST GRONINGEN, The Netherlands; contributions from the U.S.A. and Canada to: Alan R. Schulman, 104–40 Queens Blvd., Apt. 22 Y, Forest Hills, N.Y. 11375, U.S.A.
New Kingdom Personnel in *Teti Pyramid Cemeteries III*: A Preliminary List

by Jaromír Malek

Over a hundred Saqqara monuments recorded in the papers of B. G. Gunn in the Archive of the Griffith Institute in Oxford date from the New Kingdom, but they represent only a part of the material excavated by C. M. Firth in the 1920s. This ranges from the late Old Kingdom to the Graeco-Roman period, and the standard of its recording varies between reasonably detailed and very casual. All this material is now being prepared for publication as *Teti Pyramid Cemeteries III* by J. Malek and D. N. E. Magee.

During the initial sorting, several groups of New Kingdom monuments were established by us (our numbers can refer to more than one piece): tomb-chapels (A1-4), sculptures in the round (B1-2), stelae (C1-20), reliefs and inscribed blocks (D1-56), a coffin (E1), and others (G1-16). These numbers are for identification only, and will not be retained in the final version of the catalogue. The purpose of this list is to provide preliminary prosopographical information. Not all the monuments have yet been studied in detail and some of the readings, and certainly the datings (particularly those of shabtis), will be modified later.

Abbreviations used:
f. = father of; m. = mother of; s. = son of; d. = daughter of; h. = husband of; w. = wife of; + = woman (unless obvious from the title or filiation); t. = time of; D = dynasty; NK = New Kingdom.

United Kingdom

by Jacobus van Dijk

The following pages contain a list of personal names and titles found on monuments and objects excavated by the EES-Leiden expedition in the New Kingdom cemetery south of the Unas Causeway at Saqqâra during the campaigns of 1982 to 1989. Material from previous years (1975-1981) has been excluded for various reasons. The publication of the first volume of *The Memphite Tomb of Horemheb* is expected any moment now, and this will contain full indexes including one listing the names and titles inscribed on the walls of that great monument. The many objects deriving either from the tomb itself or from surrounding monuments, as well as architectural elements from neighbouring tombs will be published in a second volume by H. D. Schneider, and it is hoped that a preliminary list of names and titles will be presented in a future issue of this *Newsletter*.

Finally, the material discovered in 1981 during the excavation of the tombs of Paser and Ra'fıa has already been published.

The list below is divided into four sections: A. Names and titles found in the relief decoration of the tomb of Tia and Tia, excavated in 1982-1984; B. *Idem* in the tombs of Khaf'y and Pabies (1986), as well as the tomb of Ra'mose (superstructure only); since Khaf'y and Pabies were father and son, the names found in their respective tombs have been treated as one group; C. *Idem* in the tomb of Maya and Meryt, discovered in 1986 and excavated in 1987-1989; D. Names and titles found on objects not (necessarily) related to the tombs during the excavation of which they were found and architectural elements from neighbouring tombs. The list does not include names on monuments or objects deriving from a given tomb in various museum collections, except in the case of Maya, where a strict distinction between reliefs seen by Lepsius in 1843 and subsequently removed and reliefs found *in situ* by the expedition seemed impractical.

Abbreviations used:

f. = father of; m. = mother of; s. = son of; d. = daughter of; b. = brother of; sr. = sister of; h. = husband of; w. = wife of; + = woman (unless obvious from the title or filiation); fr(s). = fragment(s); t. = time of; D = dynasty; NK = New Kingdom.

---

1 The same applies to the material excavated in 1985 in the tomb-chapel of Iru-rdefi with its cache of late NK or Third Intermediate Period burials, to be published by M. J. Raven *et al.*

2 G. T. Martin *et al., The Tomb-Chapels of Paser and Ra'fıa at Saqqâra*, EES Excavation Memoir 52 (London, 1985). - A shabti of *Imn-ms, hry štwy (štw) n pr-hj* (a.c., Pl. 28) is in the Allard Pierson Museum in Amsterdam (Inv. No. 9455).
A. The Tomb of Tia and Tia (t. Ramesses II, early).
